Part #	Year	Make	Model	Description	Price
				Wrap masking tape around the O.D. of the roller so you can reuse with different paint or vaseline on your next job. <b>*Purpose*</b> To prevent paint from sticking on raised letters or raised lip you want to stay Chrome (after painting dash the vaseline will wipe off). Or to letter white or black letters on rechrome plastic (use paint color of your choice).	
RO 101	\$4.95				
1/2"O.D.x1/4"width Roller					
We made these rollers to help you in detailing you hard to paint small raised letter or raised lips on rings or other areas you want to remain chrome or to paint other colors					
The red handles may change when current supply is gone					
					
RO 102	\$7.95				
1"O.D.x3/8"width Roller					
RO 103	\$11.95				
1"O.D.x3/8"width Roller & 1/2"x1/4" width Roller, Both					

The pages will become shorter as we sell out of certain parts. I will try to keep them as up to date as I have time to do so. We are out of the rechrome plastic business. The vacuum metallizing company that was doing our work has down sized and moving that portion of their business out of state. That would make the shipping a very large hassle and way to expensive for us to be the middle man. We regret the inconvenience this will cause our long time customers.

I thank all of you for you understanding and patience in our indever to help you keep your cars looking nice. We will continue to supply our fastener and screw kits and bolt kits. so we are not going away just refocusing on what we can do to service our customers.

Thank you very much.

Glenn Garrison
